

SHODHAN K GANIGA

SOFTWARE ENGINEER

Pune, India | 9019050668 | shodhan2901@gmail.com | LinkedIn: linkedin.com/in/shodhan-k-ganiga-ba32a42a2

PROFESSIONAL SUMMARY

Backend Developer with hands-on experience designing RESTful APIs and microservices using Java and Spring Boot. Skilled in event-driven messaging with RabbitMQ, SQL optimization via Spring Data JPA, and automated CI/CD-tested workflows.

TECHNICAL SKILLS

Programming Languages: Java (Core Java, Java 8/17), SQL, Python (Basic)

Web Technologies: HTML, CSS, JavaScript, React.js

Backend & Framework: Spring Boot, Microservices, Spring Data JPA, RESTful Web Services

Messaging & Integration: RabbitMQ (AMQP), Asynchronous Event-Driven Architecture

Database: MySQL, DBeaver

API & Tools: REST APIs, Postman, Git, VS Code

Testing & Performance: JUnit, Mockito, SonarQube

WORK EXPERIENCE

System Engineer

Tata Consultancy Services (TCS), Pune | May 2025 – Present

- Built secure Spring Boot REST APIs to automate user lifecycle workflows, RBAC, and identity provisioning with Saviynt.
- Integrated RabbitMQ with retry queues (DLQ) to decouple Maximo and SAP ERP, resolving stuck Purchase Order sync states.
- Automated the weekly employee deactivation pipeline using Spring Data JPA batch updates, cutting manual effort by 80%.
- Optimized complex SQL queries and indexes using DBeaver, eliminating database row-locking contention during high-volume syncs.
- Wrote unit/integration tests with JUnit and Mockito achieving 80%+ coverage, meeting SonarQube quality gates in Agile sprints.

PROJECTS

Employee Management System Technologies: Java, Spring Boot, MySQL, REST APIs

- Built a Spring Boot-based backend application for managing employee data
- Implemented CRUD operations with RESTful APIs for employees, departments, and locations

Event Management System Technologies: Java, Spring Boot, MySQL, REST APIs

- Developed a backend system for event scheduling and participant management
- Designed REST APIs for event creation, updates, and registrations

EDUCATION

Bachelor of Engineering (B.E.)

Dr. Ambedkar Institute of Technology, Bangalore 2020 – 2024 | CGPA: 8.14

Pre-University (PUC)

Viveka PU College, Kota 2018 – 2020 | 88%

CERTIFICATIONS

Java Full Stack Certificate (2024)
